

<u>The purpose of CPT is not to facilitate employment authorization</u> but to allow students to participate in training related to their field of study. CPT must be approved by International Student and Scholar Services (ISSS) *prior* to the CPT start date. Starting January 2018, students will only permitted to engage in full-time CPT (20+ hours/term) during the summer vacation term.

## **ELIGIBILITY:**

- Students must be approved for <u>one</u> of the options below:
  - o The student is currently enrolled or has already completed a related course. Students will be required to confirm with their advisor that this course is relevant to their internship.
  - o The internship is required to graduate. Students must enroll in required course.
  - o The <u>graduate student only</u> is using this experience for dissertation/thesis research that cannot be completed on-campus. The student must have been in valid F-1 status and have been enrolled full time

- Authorization is employer and date specific. If there are any changes to the employer or dates, students must inform ISSS immediately.
- F-1 students who engage in 12 months or more of full-time curricular practical training, become ineligible for Optional Practical Training (OPT). Part-time CPT does not affect OPT.

## STUDENT APPLICATION PROCESS:
